# *Facts About LWT*

*Lindner Wood Technology, Inc.* has been designing and manufacturing Custom Corporate Furnishing within corporate environments for over 26 years. *LWT* believes that the "Old Fashioned" concept of quality workmanship and customer satisfaction is not Old Fashion at all, but instead, an everyday practice. In the many years of designing and manufacturing Custom Corporate Furnishings, *LWT* is proud to be able to say that we have never had a dissatisfied client. How many companies do you know that can make the same claim?

## *Ordering*

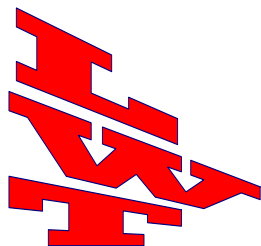

Ordering is as simple as making a telephone call. All you have to do is call the people at *LWT*. We will handle the rest. We will design, manufacture, deliver and install your new Custom Corporate Furnishings. There is nothing extra you have to be concerned with because you are purchasing Custom Corporate Furniture. The process is more simple than ordering mass manufactured furniture. We handle every aspect from the point of your telephone call including design, engineering, construction, colors, woods, types, accessories and recommendations.

## *Quality Control*

The designers and engineers at *LWT* are experts in the art of color matching. The employees at *LWT* go to great lengths to assure your projects match the existing furnishings or samples you requested and we go one step further...The President of *LWT* personally Guarantees It!

## *Shipping*

The people at *Lindner Wood Technology, Inc.* understand the decision making process within corporate environments. The various approvals for purchases can become quite time consuming. This is why *LWT* has developed plans to enable us to respond on a moments notice to your Custom Corporate Furniture needs. The management at *LWT* prides itself with the ability to design and manufacture Custom Corporate Furnishings faster than the normal lead times of most manufacturer's "quick ship" programs.
